

WALK FOR LIFE AND PEACE

On June 30th, the small Christian Communities, different organized groups of the different communities, youth groups, health clinics, students and their families from the school, participated for the first time since the start of the pandemic in one of the most beautiful, artistic and peaceful demonstrations in Ciudad Quetzal. We all went out into the streets of the community to creatively express our desire to live with in an environment of life free of violence, where our rights as a person and a people are respected, where every expression of life created by the creative energy of mother earth are also respected. The motto that was shouted during the march was "Fight for Life".

During the walk, the girls, boys and teenagers were repeating slogans and singing songs. At the end of the *Walk for Life and Peace*, an artistic presentation was held where the students of EPRODEP presented a play and led the people in song.
